

## **INTERN / BUSINESS DEVELOPMENT / (M/D/F)**

Finebite is an App-based tool providing happy moments to its over 250.000 users who joined since the service was launched six months ago. The simple model of exploring new restaurants with 50% off the regular-price bill makes the App one of the fastest-growing food-oriented projects in Europe. Finebite users review visits and add online content on social media. Together with the direct feedback send to restaurant owners - the App is an added value to the day to day operations and restaurant marketing.

Business Development Interns will join the journey of a dynamic start-up and become an active part of the company's growth responsible for launching the service on the new markers and building up a network of partner restaurants. The internship will take place in Gdansk, Poland.
