

NATIVE English, German or Spanish-speaking assistant for 3 months

LOCATION:

Our schools are located in the area of Blain (10 000 inhabitants) in the south of Brittany which is 50 minutes away from Nantes by car, 1 hour by bus and 45 minutes from Saint-Nazaire and the Atlantic Coast.

OUR SCHOOLS:

We are a group of five Catholic schools: a medium and student-centred secondary school (580 pupils - age 11 to 15) gathered with four primary schools (age 3 to 11).

The Saint-Laurent secondary school of Blain is very much involved in international issues and has two exchange programs: one with Oldenburg in Holstein (Germany, since 2011) and another with Spain, since 2016

YOUR MISSION:

Your mission is to assist the teacher in charge of the language lessons. You will help them to create new supports and activities and you will also lead small conversation groups. Our objective is mainly to improve our students' speaking and listening skills. In fact, a language assistant is expected to get the conversation going and encourage pupils to practise speaking in the language they are learning.

Some conversation classes in small groups might be set up outside the classroom activities. It will give you experience of working in a teaching environment alongside experienced colleagues.

You may also have the opportunity to teach your native language to secondary teachers who are eager to improve their skills and assist teachers of subjects which do not deal with languages (physical education, music, art etc...) to introduce your language in all kinds of activities. You can create whatever new project you want for our school. You will also help to organise cultural activities in our school and may supervise outdoor activities.

We are looking for independent, active and self-sufficient people ready to help our kids become more tolerant, open-minded and aware of the diverse cultures all over the world.

A free accommodation next to the secondary school will be provided to the Erasmus + assistant. It is a fully furnished one-bedroom flat of 45m² which includes a bedroom, a bathroom, a kitchen, and a living-room.
