

YOUR INTERNSHIP IN TENERIFE

DIVING & KAYAKING ATLANTIS

Looking to do an internship? Why not choose a paradise place? Canary islands are a choice of many, thanks to their enormous opportunities to grow professionally in different areas, perfect climate and friendly environment.

Diving Atlantis: receiving company

We are a group of companies dedicated to water sports in Tenerife and Fuerteventura. We arrange scuba diving, snorkeling, kayak tours and SUPs. We are located in different touristic areas and operate throughout the whole year. Our international team consists of scuba instructors, divemasters, kayak guides. We invite interns all year around for different duration. The interns have a great opportunity to interact with people coming from all over the world, learn professional skills from them and improve languages.

What are the tasks of an intern in Diving Atlantis?

You will assist all diving and kayaking programs led by our team. Before and after the tours, you will help in preparing and cleaning the shop, the classroom, the scuba gear; welcoming customers and assisting them with paperwork and eventual questions; preparing the clients for diving and kayaking tours. In between the dives it is a good opportunity to share the experience with the customers, what is amazing is that you meet new people every day and one common trait of divers is that they are open minded. A lot of fun!

You will also oversee the shop and post eventually the latest pictures or videos of the dives on social media.

Before the day's over, you'll help the team with rinsing the gear, filling the tanks and to be sure the shop is ready for the next day — before joining divers for the after-dive drink.

The interns normally work 5 days a week with flexible days off.
