sustainability

institute

our calling and vision.

our mission IS TO UNITE THE WIDE RANGE OF REGENERATIVE SCHOOLS INTO *one global model*; PROVIDING true SUSTAINABILITY AND INTELLIGENT DESIGN, IN all environments.

water and nature is not limited. it's abundance is the result of intelligent and holistic design.

nonjudgemental mindfulness of natures true sustainable nature.

highlighting and providing solution to greenwashing and other nonpositive design. working with nature and not against it.

human and biological health and happiness depends upon this change.

sustainable design.
